## PROFESSIONAL SUMMARY

Front-End Developer specializing in React.js and Next.js with proven experience delivering production-ready web applications. Completed a 7-month professional diploma at Instant Software Solutions and freelanced on Khamsat completing 10+ client projects with 100% satisfaction and consistent 5-star reviews. Skilled in Next.js, TypeScript, Tailwind CSS, and Shadcn UI, with full-stack experience including Prisma ORM, PostgreSQL, and AI integration. Seeking remote opportunities to contribute to a dynamic team and build impactful products.

## EXPERIENCE

### Freelance Front-End & Full-Stack Developer

Self-Employed (Khamsat Platform) | Apr 2026 - Present

- Delivered 10+ web development projects for real clients on Khamsat, achieving 100% satisfaction rate with consistent 5-star reviews across all projects
- Built responsive, user-friendly websites and web applications tailored to each client's business requirements using React.js, Next.js, and modern web technologies
- Handled the complete project lifecycle from requirement gathering and technical planning to implementation, deployment, and client handover

### Front-End Developer Trainee

Instant Software Solutions (ISS) | Dec 2025 - Jun 2026

- Completed an intensive 7-month professional diploma focused on building production-ready web applications using React.js, Next.js, and modern JavaScript frameworks
- Developed interactive, user-facing features and reusable React components using ES6+, HTML5, and CSS3, adhering to clean code and component-based architecture
- Translated UI/UX design mockups into high-quality, responsive code ensuring cross-browser compatibility, and integrated RESTful APIs using asynchronous JavaScript
- Optimized application performance reducing load times by 30%; participated in code reviews and collaborative sessions using Git within an Agile framework
- Honored as the Top Trainee for outstanding performance during the program

## KEY PROJECTS

### Shifa - Intelligent Medical Platform

Next.js 16 | TypeScript | Tailwind CSS | Shadcn UI | Prisma ORM | PostgreSQL | AI Integration

- Built a full-stack Arabic-language medical platform with AI-powered symptom analysis, a smart medical chatbot, and doctor search with Google Maps integration
- Implemented complete authentication with JWT, user profiles with points/levels, diagnosis history, and notification system via Next.js API Routes and Prisma ORM

### MindMate - AI Mental Wellness Companion

Next.js 16 | TypeScript | Shadcn UI | Google Gemini AI | NextAuth.js | Prisma ORM | SQLite

- Developed an AI-powered mental health companion with empathetic conversations via Gemini AI, voice input using Web Speech API, and smart mood dashboard with heatmaps and streaks
- Built hackathon project featuring NextAuth authentication, mood journal with AI reflections, crisis safety net with emergency resources, and multilingual support for 40+ languages

### React Ecommerce - E-Commerce Web Application

React 19 | React Router DOM v7 | Framer Motion | RESTful APIs | Context API

- Built a full-featured e-commerce SPA with product catalog, shopping cart (localStorage), favorites list, search, and smooth animated transitions using Framer Motion
- Integrated dummyjson.com API for product data and implemented responsive design with category navigation, toast notifications, and multiple page routes

## TECHNICAL SKILLS
